\* ADRs are securities issued for the purpose of trading in the U.S. in place of the underlying stock of foreign companies. As ADRs are registered with the SEC as U.S. securities, they are traded, settled and held in custody in substantially the same manner as the stocks of U.S. companies. ADR is an acronym for American Depositary Receipts.

### Abolishment of the Fractional Share System Due to the Implementation of the Electronic Share Certificate System

Due to the implementation of the electronic share certificate system on Monday, January 5, 2009, we have abolished our fractional share system.

Specifically, as of Sunday, January 4, 2009, we conducted an "allotment of shares or fractions of a share without consideration" in accordance with the provisions of Article 88 of the "Law Concerning Adjustment and Coordination of Relevant Laws in Association with the Enforcement of the Company Law" by which the number of shares substantially increased 1,000 times. Concurrently, we adopted the unit share system by which one unit of shares became 100 shares, and lowered the minimum investment amount to one-tenth of the current minimum investment amount.

As a result, for example, if you owned 0.25 fractional shares, this became 250 shares, of which the breakdown is 200 unit shares and 50 less-than-one-unit shares. Fractional shares have been automatically recorded as shares in the special account opened by issuer and are managed separately from the general transfer accounts. You will not be able to sell less-than-one unit shares on the market.

To counter the effect of the allotment of shares or fractions of a share without consideration, the conversion ratio of our ADRs to the common shares was changed from one (1) ADR representing 0.002 of a share of common stock to one (1) ADR representing two (2) shares of common stock with the effective date of January 4, 2009.
