The Board of Directors of The Dai-Ichi Kangyo Bank, Limited

We have audited the financial statements, namely, the Non-Consolidated Balance Sheets of The Dai-Ichi Kangyo Bank, Limited as of March 31, 1998 and 1997, and the related Non-Consolidated Statements of Income and the Non-Consolidated Statements of Retained Earnings for the years then ended, all expressed in Japanese yen.

Our audits were made in accordance with generally accepted auditing standards in Japan and all relevant auditing procedures as are normally required were carried out.

Based on our audits, we express our opinion that the accounting principles and practices adopted by the Bank are in conformity with generally accepted accounting principles in Japan and applied on a consistent basis except for the change, with which we concur, in the method of accounting for Securities as described in note 3.

As a result, it is our opinion that the above-mentioned financial statements present fairly the financial position of The Dai-Ichi Kangyo Bank, Limited as of March 31, 1998 and 1997, and the results of its operations for the years then ended.

The accompanying financial statements expressed in U.S. dollars have been translated into dollars solely for the convenience of the reader. We have recomputed the translation and, in our opinion, the financial statements expressed in Japanese yen have been translated into U.S. dollars on the basis described in note 1 of the notes to the non-consolidated financial statements.
